

Training Day //

Tue, May 12th 9:30 AM - 4 PM PT

// LOCATION

West Coast office
16400 Bake Parkway
Irvine, CA 92618

VIBRATION MEASUREMENT

From fundamentals to advanced theory and hands-on exercises

Polytec Training Day in Irvine is a full day of lecture and hands-on experience designed to deepen your understanding of laser vibrometry and help you get the most out of your measurement systems. Whether you are just getting started or looking to sharpen your skills, this program offers a balanced mix of theory, live demonstrations, and practical exercises. From the fundamentals of vibrometry to tips for setup optimization and post-processing techniques, our experts will walk you through every step. We are excited to have you join us for a day of learning, discovery, and collaboration.

TRAINING CERTIFICATE

Get your Polytec Scanning Vibrometer (PSV) [training certificate](#).

LATEST DEVELOPMENTS

We will be presenting the latest developments in our technology, including live demonstrations of the following systems:

- // [VibroScan QTec—Reinventing vibrometry](#)
- // [VibroGo® portable vibrometer](#)
- // [Production testing with the IVS-500 Vibrometer](#)
- // [Next generation of vibrometry—VibroFlex QTec](#)

→ Training day is free of charge. Breakfast and lunch will be provided.

Training Day //

Tue, May 12th 9:30 AM - 4 PM PT

// LOCATION

West Coast office
16400 Bake Parkway
Irvine, CA 92618

AGENDA

- 8:30 AM** Continental breakfast (optional to attendees)
- 9:00 AM** Willkommen! An introduction to Polytec
- 9:30 AM** Basics of vibrometry: Theory and fundamentals
- 10:15 AM** **COFFEE BREAK**
- 10:30 AM** A spectrum of applications of laser Doppler vibrometry

11:15 AM Complete scanning vibrometer tutorials for frequency and time domain measurements

12:00 PM **LUNCH**

1:15 PM Advanced tips and tricks for successful measurements
